As promised here's my testimony:

I would recommend Nanotek as they are more than willing to accomplish the task at hand. They did well over and above average to grant my wishes for a 100% satisfaction with the job. My guest bathroom and master bathroom are both shiny and spotless. My kitchen has a new-like floor. I am completely happy and satisfied with the services. It was well worth the money spent. Thank you Harald for the special touch.

Much Aloha
